Fancy, Jazz & Pop Keys 2018

Technology has found its way to beauty. Step by step, Research and Development have led us to a new concept, which we named *The Art of Duplication* and which summarises our determination to consider each and every tool as an object that can express the full talent of its user. And that can improve their world. Making it easier, more effective, more beautiful. And customisable.

This is true for **Fancy, Jazz & Pop Keys 2018**, the new catalogue of door edge cut keys in various colours, shapes and decorations. This successful range was launched following an intuition by Camillo Bianchi himself in the 1960s. Today, Keyline is still addressing the need to identify a specific key from other keys in a bunch with pleasant-looking solutions in line with the contemporary life style. With the Fancy, Jazz and Pop keys, the final customer shall always be able to choose how to customise his keys and look.

Fancy, Jazz & Pop Keys 2018 is part of the Keyline evolution towards a smarter world. A corporate history that dates back to 1770 and that has been growing day by day to improve the work of professional locksmiths and key cutters in all sectors.

Massimo Bianchi, Keyline Strategic Planner

La tecnologia ha trovato la strada per la bellezza. La ricerca e lo sviluppo, passo dopo passo, ci hanno portati a una nuova concezione: l'abbiamo chiamata *Arte della Duplicazione* e sintetizza il nostro impegno nel fare di ogni strumento un oggetto in grado di esprimere tutto il talento di chi lo userà. E di rendere migliore il suo mondo. Più semplice, più efficace, più bello. E personalizzabile.

Così è per **Fancy, Jazz & Pop Keys 2018**, il nuovo catalogo delle chiavi porta piatte con vari colori, fogge e decorazioni. Fu proprio un'intuizione di Camillo Bianchi, negli anni Sessanta, a dare il via a questa fortunata tipologia. Ancora oggi Keyline interpreta la necessità di distinguere la chiave nel mazzo con soluzioni accattivanti in linea con gli stili di vita contemporanei. Con le chiavi Fancy, Jazz e Pop il cliente finale potrà sempre scegliere come personalizzare le sue chiavi e il suo look.

Fancy, Jazz & Pop Keys 2018 è parte dell'evoluzione Keyline per un mondo più smart. Una storia nata nel 1770 e cresciuta ogni giorno migliorando in ogni ambito il lavoro degli specialisti.

POP / JAZZ

Pop and **Jazz** keys give a touch of color to your set of keys thanks to its coloured and customised heads. They are made with a longer neck to ensure functionality, which is important in the cylinders installed with anti-housebreaking systems. They are produced with the "Super Universal" profile, offering greater usage versatility. The head perfectly allows customisation to distinguish keys in the bunch.

Le chiavi **Pop** e **Jazz** danno un tocco di colore al vostro mazzo di chiavi grazie alle teste colorate e personalizzate. Realizzate con il collo più lungo per garantire la perfetta funzionalità nei cilindri antieffrazione, hanno il profilo "Superuniversale" che offre una maggiore versatilità d'uso. La testa si presta a una personalizzazione perfetta per distinguersi nel mazzo.
