COMMUNICATION MATERIALS

MODULAR SYSTEM OF ADHESIVES AND BANNERS
TO CONVEY MORE BRAND IDENTITY TO THE STORE
AND TO BETTER COMMUNICATE THE QUALITY
OF THE SERVICE

KEYLINE

A BIANCHI 1770 GROUP COMPANY

MORE VISIBILITY AT THE SALE POINT

The Keyline modular window decals system is designed to let professionals **customize windows** of any type of store.

STICKERS

Proportional scaling, images and colors help to communicate **in a clear, visible and effective way** the services for duplication of residential and/or automotive keys.

Stickers are made of **top-quality materials** to last over time and not damage the surfaces.

BANNERS

To complete the communication process, two roll-ups are available to be used inside the store, one for residential keys and one for automotive keys, and a drop display **to draw the customer's attention to the strength points** of a high-quality service.

Give space to creativity, compose your new showcase and make your communication more effective with the Keyline system.
